

## BUSINESS COMPLIANCE PACKAGE 1

**1 YEAR COMPLIANCE FOR JUST \$270.00**

This package is a great deal for small business owners. It provides a comprehensive compliance service for you at a fixed price. *Our technicians will visit your business premises and identify for you inspections and tests that are required by law to comply with Worksafe requirements.* We will then carry out the required testing in accordance with relevant Australian Standards and provide you with a report and a compliance certificate. If any defects are discovered our technicians will either repair the fault immediately or help you to organise rectification work.

### Package Includes

- up to 25 tests per year of any listed service
- A second visit for services that require 6 monthly inspections
- A report provided immediately after servicing
- A Compliance certificate provided immediately after servicing
- A back up history of all test results secured for you just in case.
- A no obligation ongoing service each year that we monitor.
