

Implement and Monitor Environmentally Sustainable Work Practices

OBJECTIVE

This course provides the skills and knowledge to develop, communicate, implement and review a waste reduction programme within the workplace. Participants will be required to analyse their workplaces in relation to environmentally sustainable work practices, identify improvements, develop and monitor the effectiveness of a structured improvement plan.

WHO SHOULD DO THIS COURSE

Individuals, Managers & Supervisors who wish to develop the knowledge and skills to implement strategies to manage resources efficiency and reduce resource usage and reduce the resource budget.

COURSE CONTENT

The Environmental Sustainability course gives participants the skills to be able to:

- Investigate current practices relating to resource usage
- Set targets for improvements
- Implement and monitor performance improvement strategies
- Monitor Performance
- Identify Cost Savings

Pre-requisites	Nil
