

WORKSAFE Accredited Restricted Asbestos Removal License

OVERVIEW

To obtain a Restricted Asbestos Removal Licence from WorkSafe it is a requirement that you complete an accredited Restricted Asbestos Removal course prior to applying for the licence.

The aim of this training is to provide participants with the required knowledge to obtain the Restricted Removal Licence from WorkSafe, and to provide participants with an understanding of the hazards and risks associated with asbestos and its removal.

This course is also suitable for those employees who need an overview of the dangers of asbestos and its handling requirements.

COURSE CONTENT

Upon completion of the course participants will have an understanding of:

- Legislative requirements of the Act
- How to Identify the different types of Asbestos
- Understand and identifying the effects on your Health
- The Identification of hazards associated with Asbestos
- Conduct a Risk Assessment
- Identification and Selection of PPE
- Preparation of a Safe Work Method Statement
- Planning the Removal of Asbestos
- Procedures for the Removal of Asbestos
- Procedures for site and equipment maintenance
- Identify and select the method of transport and disposal of asbestos
- Documentation requirements

Pre-requisites	Nil
